12th Avenue Pathway

Construction on this new pedestrian pathway will commence this spring by Tollestrup Construction. It is scheduled to be completed in June, 2017. Thank you for your patience in waiting for this project and we are hopeful that the weather will cooperate so that it can proceed as scheduled. Residents along the north side of 12th Avenue may be inconvenienced somewhat during the construction and we hope that you will be patient with the process. The completion of this pathway will decrease the safety risks to pedestrians along this busy street.
