

## **MUNICIPAL DISTRICT OF TABER**

### **FIRE BAN NOTICE**

Due to extremely dry conditions around the municipality the MD of Taber has placed a limited use Fire Ban restricting large open fires within the MD of Taber.

All fire permits are now invalid until the FIRE BAN is lifted.

The fire ban includes the Grassy Lake Forks Recreation Area and Grassy Lake Campground

The fire ban does not include small backyard fire pits, MD of Taber Park, Enchant Campground, Hays Campground, Vauxhall Lions Campground, landfills within the municipal boundaries and burning barrels with a wire mesh screen no larger than 7mm or ¼ inch in size.

Failure to follow the conditions of the fire ban can result in a fine from the MD of Taber's CPO's or an invoice from the responding department to extinguish the fire. Current costs of fire trucks are \$615/hour/truck.

The Fire Ban is effective 12:00 p.m. Monday, May 28, 2018 and will remain in place until conditions change which reduce the Extreme Fire Hazard.
