3.0 SUPPLY AND MANAGEMENT

- 3.1 The Village of Barnwell presently provides water to all customers through either the Village water distribution system for water, or the Water Station. At times where drought conditions exist in Southern Alberta, or as otherwise determined by the CAO, that affect the overall water supply of the Village, the Village will undertake the following:
- 3.1.1 Assist all customers by providing information that will encourage water conservation;
 - 3.1.2 Encourage any commercial, industrial, or institutional customers to implement water conservation technologies; and

VILLAGE OF BARNWELL
BYLAW NO.02-24

- 3.1.3 Manage the overall supply of water in the Village in order to comply with requirements by all water suppliers and users in the region through regulation, restriction, or prohibiting the use of water as set out in this Bylaw, any amendments hereafter or by a resolution of Council, duly enacted, for specific water use restriction issues.

4.0 WATER CONSERVATION AND RESTRICTION STRATEGIES

- 4.1 The Village may restrict, regulate, or prohibit the amount of, usages, and/or hours during which Water may be used for any purpose other than for firefighting.
- 4.2 For the purposes of implementing Water Restrictions, odd and even addresses will refer to the "house number," of the Premises not the street or avenue number. For example, the address 921-2 Avenue will be considered an odd numbered address as the "house number" ends with a one (1).
- 4.3 Water Restrictions may include limitations on the use of Water for any non-essential uses, including aesthetic or recreational purposes, as deemed necessary by the Village.
- 4.4 The CAO shall have the sole discretion to declare a water shortage and implement Levels I and II Water Restrictions upon having undertaken the following:
 - 4.4.1 Consultation with Alberta Environment as the Village's water license holder or;
 - 4.4.2 Consultation with the St. Mary River Irrigation District as the supplier of water services to the Village and area or;
 - 4.4.3 Discussions with the Municipal District of Taber and/or the Town of Taber or;
 - 4.4.4 Discussions with Public Works or designate;
- 4.5 These actions may become effective immediately and are at the CAO's discretion for Levels I and II Water Restrictions, having regard to factors including the raw water supply rate, the reservoir or potable water reservoir levels, or the reliable raw water withdrawal rate. That may include, without limitation, determining whether the reliable raw water consumption/withdrawal rate that feeds the potable water system drops below:
 - 4.5.1 The system wide average annual daily raw water demand for a significant period;
 - 4.5.2 the flow rate needed to adequately replenish the raw water reservoir in a timely manner, or;

VILLAGE OF BARNWELL
BYLAW NO.02-24

- 4.5.3 any other flow associated with a critical water system issue that necessitates Water Restrictions.
- 4.6 Council shall have the sole authority to restrict Water usage for the Village at Level III Emergency Mandatory Water Restrictions. A resolution of the Council shall be required to enact Level III Water Restrictions, and a rescinding resolution required to lift Level III Restrictions.
- 4.6.1 Should Council enact Level III Restrictions while a Level I or II Restriction is in place, the resolution of Council will automatically override the existing level, and the Level III Restrictions shall take immediate effect upon the resolution being passed by majority vote of Council.
- 4.6.2 Should Council rescind Level III Restrictions, but the CAO determines Level I or II Restrictions remain necessary, the CAO will enact an appropriate level at their discretion only after a rescinding resolution of Council is passed.
- 4.7 When the CAO has declared a state of Water shortage:
- 4.7.1 The CAO may impose a Level I or Level II Water Restriction as set out in Schedule "A" provided the form in Schedule "B" is signed by the CAO.
- 4.7.2 The CAO shall not be required to impose levels of restriction in successive stages but may proceed to impose any level of restriction the CAO has determined is warranted in the circumstances.
- 4.8 The Village shall provide notice of the state of Water shortage and the Water Restriction imposed through whatever media sources the CAO or designate determines sufficient and may include but not be limited to, signage, website, social media, direct mailing, and bulk media notification, and/or radio/television/newspaper.
- 4.9 When the CAO has imposed a Level I or Level II Water Restriction, no Person shall use Village supplied Water at any Premises, or SMRID Water at any premises located in the Village which is contrary to the restrictions as set out in Schedule "A."
- 4.10 The state of Water Restriction once imposed shall remain in effect until the CAO declares that the risk to the overall water supply has improved to an acceptable level and the Water Restriction has ended. The CAO shall rescind the Water Restriction using the form in Schedule "C."
- 4.11 An end to the Water Restriction will also be duly advertised to the public upon its termination.
- 4.12 Regardless of any Water Restriction in effect, Water conservation measures will be promoted during times of low water levels by encouraging conservation activities.

BYLAW NO.02-24

5.0 EXCEPTIONS

- 5.1 For the purposes of this bylaw, municipal operations including (but not limited to) the use of Water in municipal facilities, municipal greenspaces, and other municipal services are exempted from Water Restrictions in order to maintain service levels to the community.
- 5.1.1 Notwithstanding the above, the Village of Barnwell will make efforts to either limit, reduce, or eliminate non-essential Water usage in municipal spaces and services wherever and whenever possible when Water Restrictions are put in place. What shall be deemed non-essential to municipal operations will be at the discretion of the CAO and implemented on a case-by-case basis in relation to any restrictions that may be imposed.
- 5.1.2 The CAO may also choose to enact municipal-specific water restrictions within various municipal spaces as deemed prudent for Water conservation up to and including ceasing any services the CAO deems necessary until such time that the CAO determines the restrictions are no longer necessary.
- 5.2 In the event of Water Restrictions, fire hydrant flushing by the Village of Barnwell will be allowed to occur to safeguard public health and safety.
- 5.2.1 Notwithstanding the above, during months whereby the Village of Barnwell is pulling water directly from the Chin Reservoir and the water level is not sufficient to engage the normal operation of the raw water pump house, fire hydrant flushing shall not occur.
- 5.3 Gardens cultivated exclusively for food consumption may be watered during Levels I and II Water Restrictions, subject to compliance with such restrictions contained therein, including limitations to times/dates for watering as outlined in the Water Restrictions or restrictions on how the garden can be watered (ie: hand watering for Level II). Gardens are not exempt from Level III restrictions.
- 5.4 The CAO, at their discretion, may grant exceptions to the Water use restrictions. Examples may include, but are not limited to, health and safety and critical commercial activities. What is deemed necessary for an exception shall be at the sole discretion of the CAO.
- 5.5 Any exceptions must be granted in writing directly from the CAO to the Person seeking an exception before the exception is allowed to be carried out.
- 5.5.1 If a Violation Ticket is issued before the written exception is granted by the CAO, the ticket will remain valid.
- 5.6 Any supply of water that a Person can establish is not Water supplied by the Village and/or SMRID is not subject to these restrictions. Examples of alternate water supplies include, but are not limited to, rain barrels filled by natural precipitation, private wells, or water purchased from sources other than Village supplied water.

VILLAGE OF BARNWELL
BYLAW NO.02-24

- 5.7 Should the Government of Alberta impose any water restrictions above that of the Village of Barnwell's restrictions, those shall take precedence.

6.0 WASTING WATER

- 6.1 No consumer will allow Water to run off the property as a result of Water uses including, but not limited to, lawn/property overwatering, broken irrigation, or infrastructure washing of surfaces, such that there is:
- 6.1.1 A stream running into a street or swale for an excessive distance from the edge of the parcel;
 - 6.1.2 A stream of Water running into a street or swale and directly into a catch basin; or
 - 6.1.3 A stream or spray of Water running into or discharging into a street or a sidewalk.
- 6.2 If a customer or other persons contravene any Section of this Bylaw, which incurs costs to the Village for repairs or replacement, then the repairs or replacement may be done by the Village at the expense of the person in contravention of this Bylaw. If the person in contravention does not pay such expenses within the period indicated in Section 8 upon being invoiced, the Village may recover the expenses therefore with costs by action in Court. This expense will be in addition to any fines or penalties imposed for contravention of this Bylaw.

7.0 ENFORCEMENT

- 7.1 A Person who violates any section of this Bylaw is guilty of an offence and liable, upon summary conviction, to a fine as set out by this Bylaw.
- 7.2 A Peace Officer who has reasonable grounds to believe a contravention of this Bylaw has occurred or is occurring is authorized and empowered to:
- 7.2.1 Issue a verbal and/or written warning to the Person violating this Bylaw and/or;
 - 7.2.2 Issue a Violation Ticket pursuant the *Provincial Offences Procedures Act* to the Person violating this Bylaw, with or without having issued any such warning.
- 7.3 If a Violation Ticket is issued in respect of an offence, the Violation Ticket may:
- 7.3.1 Provide that the Person who has committed the offence may, within a specified period of time, pay a specified penalty as listed in Section 8 of this Bylaw; or
 - 7.3.2 Require a Person to appear in court without the alternative of making a voluntary payment.

MT

VILLAGE OF BARNWELL
BYLAW NO.02-24

- 7.4 Where water is supplied by the Village to a Parcel outside the Village and a Violation Ticket is issued in respect of an offence, the Violation Ticket may:
- 7.4.1 Provide that the Person who has committed the offence may, within a specified period of time, pay a specified penalty as listed in Section 8 of this Bylaw; or
 - 7.4.2 Require a Person to appear in court without the alternative of making a voluntary payment; and
 - 7.4.3 The CEO may enforce either this Bylaw and/or the collection of the specified penalty by shutting off the water being supplied to the Parcel, or by action in any court of competent jurisdiction, or both; and
 - 7.4.4 When at any time the Water supplied by the Village is shut off for violating this Bylaw or, or non-payment of a specified penalty, a Water Service charge for reconnection as set out in the Utility Services Fees Policy 02-23 will be charged when the water supply is restarted. Water will not be restarted until the specified penalty and any applicable charges and fees are paid.

8.0 PENALTIES

- 8.1 A Person committing a breach of any of the provisions of this Bylaw, upon conviction of breach thereof, and shall be liable to penalty as outlined below:

LEVEL	1 st Offence	2 nd Offence	3 rd Offence
I	N/A	N/A	N/A
